# Baby Care

## Services and Systems

### Sangenic Nappy Wrapper Unit

The Nappy Wrapper Creche unit, tall neat and streamlined with its 40 nappy capacity, is ideal for the nursery and creche. The nappy is simply put into the funnel at the top of the unit which is then turned to wrap the nappy in an hygienic and lightly perfumed, antibacterial plastic film.

Service is available on a 1, 2 and 4 weekly service to suit your needs. We can also provide a lockable yellow wheelie bin to facilitate more regular emptying whilst providing an hygienic and cost effective solution to nappy disposal.

### Sangenic Nappy Wrapper Unit

Dimensions:  
Height: 850mm  
Depth: 300mm  
Width: 375mm

### Nappy Bin Disposal Service

The disposal bin with its hidden chute, is fabricated from fire retardent plastic and has smooth and easy-to-clean surfaces. Available in two sizes, in either yellow or white, it provides a clean and hygienic disposal system for nappies.

The bin is thoroughly cleaned and sanitised at each visit and a new liner fitted. The bin is then dosed with a lightly fragranced germicidal powder, which takes up moisture to become active, to control bacteria and odours. Service is available on a 1, 2 or 4 weekly service as required.

### Nappy Bin Disposal Service

2 Sizes  
Dimensions:  
Height: 640mm(740mm)  
Depth: 410mm  
Width: 410mm  
Capacity:  
50 litre(60 litre)

### Nappy Bag Dispensing System

An attractive, practical yet very discreet nappy disposal bag system which consists of a compact easy-wipe dispenser containing a renewable pack of 75 hygienic gusseted bags. The dispenser, conveniently wall mounted, is available in either white or chrome finish.

There are no minimum order quantities.
